

CP10 Good Neighbour Policy

Purpose

The purpose of this policy is to ensure an environment for Christian Youth Camps workers, guests, visitors and neighbours that is equally fair and respectful for all.

Scope

This policy applies to all employees, volunteers, guests and visitors on Christian Youth Camps sites.

Policy

Christian Youth Camps is committed to providing an environment that meets the needs of our guests whilst at the same time taking into consideration the impact on our neighbours.

The behaviour of our guests has a direct impact in our ability to continue to offer new facilities and experiences on our sites.

Christian Youth Camps expects all workers, guests and visitors to be respectful of each other, other groups' onsite, as well as neighboring properties/offices.

This requires workers, guests and visitors to be considerate with:

- Noise levels whilst coming and going from the property
- Language
- Parking of vehicles outside of the property
- Safety
